

This package contains a distribution of open source material provided and maintained by their respective owners.

Logic Poet's Tracer

Our Tracer library source code is provided under the MIT license. For more information visit www.logicpoet.com

SystemC-WMS

This is provided under the GNU General Public License (GPL). For more information see www.deit.univpm.it/systemc-wms/ or sourceforge.net/projects/systemc-wms

GreenSocs Utilities

This is provided by GreenSocs under the GNU General Public License (GPL) unless you have established a different agreement with GreenSocs. For more information see www.greensocs.com

The GreenSocs utilities also include the additional Lua and Boost packages. Lua is available under the MIT license; for more information visit www.lua.org. Boost is provided under its own free-use license. Visit www.boost.org for more details.

SystemC-AMS

For more information visit www.systemc-ams.org.

SystemC, SCV and TLM

These are provided by Open SystemC Initiative (OSCI). No added copyrights or restrictions for this distribution are added beyond that required by OSCI.

Copyright (c) 1996–2008, by Open SystemC Initiative. All rights reserved.

For more information on SystemC including its licensing, visit www.systemc.org
